5. I usually check an item carefully before I (*decide / will decide*) to buy it.

7 Read the text and do the tasks on page 78. (2.0 pts)

Nothing on earth is more majestic than a tall, spreading tree. Trees are our friends in our fight for a healthier planet. This is how they help us. First, trees are the Earth's lungs. They remove pollutants from the air and significantly improve air quality. Research shows that with billions of trees, we could remove two-thirds of all the carbon dioxide created by human activities. Second, trees reduce the runoff of rainwater, so they can reduce flooding. Moreover, if you enjoy sitting in the shade of a tree in the summer, you know that trees can

also lower air temperatures too. Trees growing beside a home can cool the roof and the air around the house. Therefore, it reduces air conditioning costs. And don't forget that trees create habitats for many species of plants and animals. If you want to plant trees to help save the planet, there are simple ways to get started. Plant trees around your house. If enough people did that, it would make a big difference.

a. Decide if the statements are true (T) or false (F). (1.0 pt)

	T	F
1. Trees help remove pollutants from water.		
2. Trees help remove carbon dioxide from the air.		
3. There is less flooding thanks to trees.		
4. You pay less for air conditioning if you plant trees.		
5. If everybody plants trees around their homes, it will improve the planet.		

b. Choose a word from the passage to complete each sentence below. (1.0 pt)

1. Trees are seen as the _____ of the Earth.
2. Human activities create _____.
3. Thanks to trees, many different species have good _____.
