Exercise 2: Read the following passage and choose True or False

Hi, I'm Mason and I'm 14 years old. I live in a small town in Texas in the USA. I've got three sisters and two brothers. I love basketball and baseball. I read a lot of books, but I don't go to school. I study at home with my brothers and sisters. Our mum is our teacher and I love it! Why is homeschooling great? We learn the same things as our friends at school but it's more fun. Our mum knows what we like and what is difficult for us. Just like in every school, we do homework and take tests. We don't use course books because Mum usually prepares the lessons. She uses information from the internet or books. We sometimes go to the library or meet with other homeschooling families. We go on trips together to museums or to other interesting places. In the future, I want to go to university and study history.
