

English VII Quiz 2

Profra. Jesse Coria

Name: _____

1. Fill in with the verbs in parenthesis, decide between the stative form or its dynamic use.

Multinational Spread

Walk around almost any city in the world and you _____ (see) signs advertising multinational corporations. Right now, they _____ (have) a major effect on emerging economies around the world. The companies often _____ (have) branches in many countries and can offer varied job opportunities, especially for young people. A recent study showed that more young people than ever _____ (think) of applying for jobs with such companies. However, some people _____ (think) that large companies take money out of the country. They would prefer local companies to do well. Whatever the pros and cons are, it looks as if multinational corporations are here to stay.

2. Complete with a repeated or double comparative using the adjectives in parenthesis.

- People are becoming _____ towards multinational spreads. (more, suspicious)
- The world is becoming _____ with each new form of media that appears. (fast)
- _____ I listen to daily news podcast, _____ I am about the world. (more, informed)
- _____ I read this story, _____ I feel. (more, happy)
- _____ you drive, _____ you become. (more, experienced)
- _____ you whip the cream _____ the filling of the cake will be. (fast, tasty)
