In the afternoon, Dad and my sister (6) **was** / **were** at the TV studio. There was a shopping (7) **hall** / **centre** / **office** near the TV studio. Mum and I (8) **was** / **were** there for two hours. There were a lot of clothes shops, but there weren't (9) **a** / **any** bookshops. Mum was happy, but I was (10) **excited** / **bored**!

I don't like shopping.

See you soon!
