Indicator Overview

The **Bheurekso Pattern Indicator** is an efficient tool for traders looking to identify **candlestick patterns** on charts. It enables traders to recognize reversal patterns and conduct analyses based on them.

The indicator identifies six bullish patterns (**Harami, Piercing, Engulfing, Morning Star**) and six bearish patterns (**Harami, Piercing, Engulfing, Dark Cloud, Evening Star, Shooting Star**). This helps traders spot trend changes and price reversals to make better trading decisions.

Bullish Patterns

GBP/USD 30-Minute Chart

The **GBP/USD 30-minute** chart, the price rises every time **bullish patterns** form. The **Bheurekso Pattern Indicator** identifies these bullish patterns, helping traders recognize trend reversals from bearish to bullish. These patterns include Harami, Piercing, Engulfing, and Morning Star. Traders can use these patterns to enter buy trades and adjust their strategies accordingly.

Bearish Patterns

USD/CHF 1-Hour Chart

The **USD/CHF 1-hour** chart, the **Bheurekso Pattern Indicator**, helps identify **bearish reversal** patterns. The indicator labels each one on the chart by accurately detecting these patterns. Additionally, the indicator sends alerts to notify traders of their formation, enabling more precise trade decisions.
