

FORM 2025	TEST FOR UNIT 7
Test 01	ENVIRONMENTAL PROTECTION

Mark the letter A, B, C or D on your answer sheet to indicate the word whose underlined part differs from the other three in pronunciation in each of the following questions.

- Question 1.** A. campsite B. plastic C. tornado D. land
Question 2. A. polluted B. reduced C. washed D. danced

Mark the letter A, B, C or D on your answer sheet to indicate the word that differs from the other three in the position of primary stress in each of the following questions.

- Question 3.** A. serios B. habitat C. quality D. protection
Question 4. A. produt B. absorb C. concern D. marine

Mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions.

- Question 5.** A: “_____”. B: “It’s a place where a type of plant or animal lives”.
A. Could you show me the zoo? B. What does ‘habitat’ mean?
C. What makes up a habitat? D. Have you ever visited a habitat?
Question 6. In my family, we put food waste and objects for _____ in different bins.
A. using B. recycling C. are having D. would have
Question 7. 14. When the earthquake happened, the children _____ a picnic at the campsite.
A. had B. were having C. turn off D. look after
Question 8. Many _____ species have been saved thanks to community efforts
A. dangerous B. endangered C. generous D. natural
Question 9. _____ we put dustbins in public places, we saw the difference. There was much less littering.
A. While B. As soon as C. Till D. Before
Question 10. Scientists are developing better systems to make _____ about natural disasters.
A. warnings B. advices C. predictions D. which
Question 11. Awareness of environmental damage from _____ bags is growing.
A. simple-use B. single-uses C. single-use D. single-used
Question 12. I will call you before I _____ over
A. come B. will come C. will be coming D. came

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the correct option that best fits each numbered blank from 13 to 16.

3Rs for a Greener Future!

Dear everyone,

Let's join hands in (13)_____our planet by following the 3Rs: Reduce, Reuse, and Recycle!

Here's how you can contribute:

1. Reduce: Cut down (14)_____waste by using only what you need. Turn off lights, save water, and avoid single-use plastics.

2. Reuse: Find new ways to use old items. Bring reusable bags, bottles, and containers wherever you go.

3. Recycle: Sort your waste and recycle paper, plastics, and metals (15)_____. Check for recycling bins in your community.

Together, we can make (16)_____difference for future generations. Let's act now!

Question 13. A. protect

B. protecting

C. to protect

D. protected

Question 14. A. in

B. at

C. on

D. of

Question 15. A. properly

B. unsuitably

C. wrongly

D. inefficiently

Question 16. A. the

B. a

C. an

D. no article

Mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 17 to 18.

Question 17. Put the sentences (a-c) in the correct order, then fill in the blank to make a logical text.

Protecting the environment is a responsibility we all share.

a. Meanwhile, using reusable bags, bottles, and containers can help reduce plastic waste.

b. In the long run, planting trees and supporting local initiatives will preserve natural habitats.

c. To begin with, conserving energy by turning off unused appliances and switching to renewable sources is essential.

A. b - c - a

B. a - c - b

C. c - a - b

D. b - a - c

Question 18. Choose the sentence that most appropriately ends the text (in Question 17).

A. Each of us has a role to play in creating a sustainable future.

B. Addressing environmental issues requires immediate global action.

C. Over time, such efforts can lead to significant improvements.

D. Reducing plastic waste is a key strategy for environmental protection.

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the correct option that best fits each numbered blank from 19 to 24.

Light pollution is not (19)_____serious as water or air pollution. (20)_____, it is the type of pollution that (21)_____more in cities than in rural areas. In the past, we could sit out at night and (22)_____at glittering stars in the sky and light from objects in outer space. Nowadays, cities are

covered with lights from buildings, streets, advertising displays, many of which direct the lights up into the sky and into many unwanted places. The real problem is that it is very (23)_____ to apply light to almost everything at night. Millions of tons of oil and coal are used to produce the power to light the sky. Eye strain, (24)_____ of vision and stress are what people may get from light pollution. Too much light at night can harm our eyes and also harm the hormones that help US to see things properly

| Question 19. | A. more | B. as | C. much | D. only |
| Question 20. | A. Moreover | B. However | C. Therefore | D. Nevertheless |
| Question 21. | A. happen | B. occur | C. occurs | D. occurring |
| Question 22. | A. watch | B. see | C. spend | D. gaze |
| Question 23. | A. waste | B. wastes | C. wasting | D. wasteful |
| Question 24. | A. lose | B. lost | C. loss | D. losing |

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the sentence that is closest in meaning to the original sentence in each of the following questions.

Question 25. My sister was planting trees and my brother was picking up rubbish.

- A. My sister was planting trees but my brother was picking up rubbish.
- B. My sister was planting trees while my brother was picking up rubbish.
- C. My sister was planting trees until my brother was picking up rubbish.
- D. My sister was planting trees and my brother was, too.

Question 26. If we want to save wild animals, we need to stop all illegal hunting of them.

- A. Hunting wild animals because we want to save them.
- B. We won't save wild animals unless we stop all illegal hunting of them.
- C. We want to save wild animals if we need to stop all illegal hunting of them.
- D. We need to stop all illegal hunting wild animals when we can save them.

Read the following announcement and mark the letter A, B, C or D on your answer sheet to indicate the sentence that is made from the given cues in each of the following questions.

Question 27. We/ many beautiful birds/ while/ fish/ lake.

- A. We saw many beautiful birds while we were fishing in the lake
- B. We were seeing many beautiful birds while we went in the lake
- C. We saw much beautiful birds while we were fishing in the lake
- D. We were seeing many beautiful birds while we were fishing in the lake

Question 28. most / people / not know / where / their / plastic / waste / go /.

- A. Most people not know where goes their plastic waste.
- B. Most people don't know where their plastic waste go.
- C. Most people don't know where their plastic waste goes.
- D. Most people know where their plastic waste goes not.

Read the following sign or notice and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions.

Question 29. What does the sign say?

- A. There are no children in this area at the moment.
- B. Be careful and look out for children who may be in this area.
- C. Children are not permitted to be in this area.
- D. Children are playing in this area right now.

Question 30. What does the notice mean?

- A. You cannot drive here today
- B. You must drive here today
- C. You must not close the road
- D. You can repair this road

Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Saving the Environment: One Home at a Time Pollution can be seen not only throughout the world, but also in our own homes. It comes from household chemicals, the amount of water people use and the waste people produce and throw away. What can be done to stop this pollution? Surprisingly, a person can help save the environment by doing simple things. First, we need to recycle, which allows products to be used over and over again. Recycling can also **reduce** the number of trees cut down to produce paper products. It takes very little effort. It is not hard to place plastic and glass bottles, aluminum cans and paper in a bin. Anyone can do it. Second, we need to watch the amount of water used in the home. It can be **conserved** by taking short showers instead of baths, repairing leaky faucets, using the dishwasher or washing machine only when fully loaded, or simply turning the faucet off while brushing your teeth. Third, we need to reduce waste. We need to recycle whenever possible, but should also try to use this waste effectively. For example, grass clippings and food scraps can be made into compost for plants. The average person produces 4.3 pounds of waste every day, but we can reduce that amount by recycling and reusing.

Question 31. What is the main idea of the passage?

- A. Recycling helps conserve natural resources.
- B. Pollution is only a problem outside the home.
- C. Simple actions at home can reduce pollution.
- D. It is difficult to save the environment.

Question 32. According to the passage, which of the following is a way to conserve water at home?

- A. Take longer showers
- B. Turn the faucet off while brushing teeth
- C. Use a dishwasher even if it's not fully loaded
- D. Leave faucets leaking to prevent water wastage

Question 33. Which of the following can help reduce the number of trees cut down, according to the passage?

- A. Using more paper products
- B. Recycling products, especially paper.
- C. Using plastic bottles instead of paper
- D. Taking shorter showers

Question 34. According to the passage, what can be made into compost for plants?

- A. Plastic bottles and aluminum cans
- B. Grass clippings and food scraps
- C. Used dishwashers and washing machines
- D. Leaky faucets and water

Question 35. In the passage, the word "**conserved**" in the sentence "It can be conserved by taking short showers..." is **CLOSEST** in meaning to which of the following?

- | | |
|--------------|-------------|
| A. Wasted | B. Saved |
| C. Increased | D. Polluted |

Question 36. Which word in the passage is the **OPPOSITE** of "**reduce**" in the context of waste management?

- | | | | |
|-------------|-------------|-------------|------------|
| A. Minimize | B. Increase | C. Conserve | D. Recycle |
|-------------|-------------|-------------|------------|

Four phrases/sentences have been removed from the text below. For each question, mark the letter A, B, C or D on your answer sheet to indicate the correct option that fits each of the numbered blanks from 37 to 40 the most.

- A. safeguard the planet for future generations
- B. Small changes in daily life
- C. planting trees and supporting green initiatives in local communities
- D. the most pressing issues of our time

Environmental Protection: A Shared Responsibility

Environmental protection is one of (37)____. Pollution, deforestation, and climate change threaten the health of our planet and all living beings. While government policies play a significant role in addressing these challenges, individual actions also have a great impact. (38)___ can reduce pollution, conserve resources, and protect ecosystems. For example, reducing plastic use, recycling, conserving water, and using energy-efficient appliances are all effective steps. Moreover, (39) help to combat deforestation and enhance biodiversity. By educating ourselves and others about environmental issues, we can create a collective effort to (40_____).

Question 37. **Question 38.** **Question 39.** **Question 40.**
