Are you a busy entrepreneur or employee who is usually on the go and doesn't have a lot of time, but still wants to become healthier? Don't worry, you're not alone. Most people want to get healthier, fitter and look younger yet they can't seem to find the time for it. Here are some tips for healthy living on the go:

1. Enjoy a pint of water first thing in the morning

If you haven't got time for anything else in the morning, make time to drink a big glass of water. We lose a lot of oxygen through the night and to revive our cells, we need to **supply** them with water and oxygen. Drink a glass of water and within a week you'll begin to feel less tired.

2. Exercise on the go

If you work in an office, get up every 30 minutes and go for a walk. If you have an office with stairs, run up and down the stairs every couple of hours. Get your blood flowing and your muscles moving.

3. Grab a few fresh fruits on your way out

Wherever you're going – whether it's a walk or drive to the supermarket or on your way to a meeting – pick up one or two fruits and eat them.

Fruits are great for their nutrients, vitamins and sugars that are required in our body.

4. Eat a handful of nuts

Get your favorite selection of nuts (almonds, cashews, pecans, walnuts, etc.) and raisins and have a big handful of them at around 3 p.m. This has been shown to increase afternoon energy and productivity.

5. Deep breathing

While you are sitting at your desk, driving the car or cooking food – do some deep breathing. Inhale and count up to 5 seconds, hold your breath for a few seconds, and **release** slowly. This is one of the best things we can do for the exchange of oxygen and carbon dioxide for our blood and cells.
