4 Find words in the article that have these meanings.

1 think about something you want to do and decide how you will do it: ____
2 a very clever sea animal with a long grey pointed nose: ____
3 begin to be or feel something: ____
4 big in size, number or amount: ____
5 less than a particular number or amount: ____

Is it a thumbs up for island life?

A Callum

My family moved to the island of Unst when I was baby. Unst is the furthest north you can live in the UK. Although we're north, it isn't freezing cold. It's often about five degrees in the winter. Just over 600 people live on Unst so life is different for teenagers here. I've never been to the cinema or been to a fast food restaurant. There are no clothes shops on Unst so I do all my shopping online. I'd like to go to university in Scotland or England. I plan to return here though. I can't think of a better place to live!

B Ben

I live on Roatan Island. My parents moved here for their jobs when I was three months old. There are cool things to do here. I've swum with dolphins and I've ridden horses on the beach. But I don't really enjoy island life now I'm a teenager. I've become a bit bored. When I finish school, I want to go and live with my auntie in New York. I can't wait to see my first snow! I'll probably come back for holidays.

C Anna

I'm from Iqualit, a large island in northern Canada. I've only been off the island once to visit Québec. Iqualit means 'the place of many fish'. I love fishing and I often go out in my grandfather's boat. We've caught some really big fish together! For eight months of the year the temperature is below zero. I don't mind the cold. I love playing in the snow with my friends. A lot of my family live near our house, so I can walk and visit them whenever I want.
