

Saran is an acrobat. She works in a circus that travels around the world. What is unusual is that she is eleven years old and already a full-time circus performer. Her daily (1) is actually quite strict. Most days she gets up late and (2) maths, science and English classes with the rest of the children in the circus. Then she trains for two hours every afternoon before the (3) in the evening. Normally, Saran, like all of the other members of the circus, does five or six performances a week, so it's (4) work. Her parents are also part of the circus and make sure Saran gets enough sleep and has a healthy (5) Although she doesn't have many hours of school, she speaks four languages and has been to many countries, so her (6) of the world is greater than most children her age.

1 For each question, choose the correct answer.
