**PART 2. READING**

*Đọc văn bản sau và thực hiện các yêu cầu bên dưới:*

Thanksgiving is celebrated in the US on the fourth Thursday in November. For many Americans it is the most important holiday apart from Christmas. Schools, offices and most businesses close for Thanksgiving, and many people make the whole weekend a vacation.

Thanksgiving is associated with the time when Europeans first came to North America. In 1620 the ship the Mayflowers arrived, bringing about 150 people who today are usually called Pilgrims. They arrived at the beginning of a very hard winter and could not find enough to eat, so many of them died. But in the following summer Native Americans showed **them** what foods were safe to eat, so that they could save food for the next winter. They held a big celebration to thank God and the Native Americans for the fact that they had survived.

Today people celebrate Thanksgiving to remember these early days. The most important part of the celebration is a traditional dinner with foods that come from North America. The meal includes turkey, sweet potatoes (also called yams) and cranberries, which are made into a kind of sauce or jelly. The turkey is filled with stuffing or dressing, and many families have their own special recipe. Dessert is pumpkin made into a pie.

On Thanksgiving there are special television programs and sports events. In New York there is the Macy's Thanksgiving Day Parade, when a long line of people wearing fancy costumes march through the streets with large balloons in the shape of imaginary characters. Thanksgiving is considered the beginning of the Christmas period, and the next day many people go out to shop for Christmas presents.

**A WEATHER FORECAST**

Hello and good morning! Well, we're off to a good start in the south this week, as most of the rain from the weekend has (1) \_\_\_\_\_ – just a few patches of cloud and maybe some showers here on the east coast. They'll all clear up by (2) \_\_\_\_\_, though. Over the next day or so, London and the area around Kent can expect a couple of isolated showers, but mostly dry through until (3) \_\_\_\_\_.

It's not such good news for the north-west this week, I'm afraid: more wet weather, and not a lot of (4) \_\_\_\_\_. Some of today's showers will be heavy – and even thundery in Manchester and across the Pennines. Leeds will escape the thunderstorms, with drizzle and light rain only throughout the rest of the day and (5) \_\_\_\_\_.

Elsewhere it becomes dry today, but with some foggy patches towards Wales. In (6) \_\_\_\_\_, tomorrow morning will see a dry, (7) \_\_\_\_\_ start in most places, with high temperatures throughout the week. We might see one or two thunderstorms appearing as the week goes on, with temperatures everywhere at 29 to 30 degrees.

By the weekend, unfortunately, the dry weather will make way for mostly (8) \_\_\_\_\_ skies and rain. The rain will move from Scotland, down towards the north and reach the south coast by (9) \_\_\_\_\_ afternoon. Temperatures, at least, will stay mostly warm at around (10) \_\_\_\_\_ degrees for the weekend. It might feel like a nice change from the (11) \_\_\_\_\_ twenties and early thirties we'll see in the week. That's all from me until tomorrow. Enjoy the mini-heatwave while you can!
