II. Read the following text and answer the questions.

Many tourists come to Vietnam for an exciting holiday, but not many know about these amazing places. In this article, we will explore three great places to relax.

An Bàng Beach is a great beach near Hội An. Visitors can swim in the nice warm sea or make sandcastles on the beautiful beach. It's very accessible since it's just a short drive from Hội An. You can even take a bicycle from the old town.

Côn Đảo Island is a small island off the south coast of Vietnam. It's not as accessible as An Bang Beach. You can fly there from the airport in Ho Chi Minh City. I think it's much quieter and more relaxing than An Bang. Last is Lý Sơn Island. This small island is off the east coast of Vietnam. It's very quiet and very clean. It's much more relaxing than An Bang Beach, but it's not as accessible as Côn Đảo Island. You can only get there by boat.

What do you think? Which place would you most like to visit? Let us know in the comments below. You can also let us know if there are any places we missed.
