A diagram of a seesaw on a green ground against a blue sky. A yellow triangular support holds a horizontal beam. A person labeled '20 kg' is sitting on the left side of the beam, which is tilted downwards. The right side of the beam is tilted upwards and has several small black dots representing weights.

A balance scale is shown, balanced on a central pivot. The left pan contains two red blocks: one labeled '15 kg' and another labeled '5 kg'. The right pan contains one red block labeled '5 kg' and a yellow gift box with a red bow, labeled 'A' with a question mark '?' above it. The scale is set against a light blue background with a green ground line at the bottom.
