

What do you know?

$$3 \times \text{Green Hexagon} =$$

$$\text{Orange Heart} + \text{Purple Inverted Triangle} =$$

$$\text{Purple Inverted Triangle} + \text{Orange Heart} =$$

What do you know?

$$\text{Green Square} + \text{Blue Crescent Moon} = \text{half of}$$

$$2 \times \text{Pink Heart} =$$

$$\text{Blue Crescent Moon} = \text{Pink Heart}$$

$$\text{Blue Crescent Moon} + \text{Green Square} =$$

$$2 \times \text{Blue Crescent Moon} =$$

$$+ =$$

What do you know?

$$2 \times \text{Orange Trapezoid} =$$

$$\text{Red Heart} + 3 \times \text{Blue Circle} =$$

$$3 \times \text{Blue Circle} =$$

$$\text{Blue Circle} = \div$$

What do you know?

$$\text{Red Teardrop} + \text{Blue Inverted Triangle} =$$

$$1 + 2 + 2 = 5$$

$$1 + 3 + 3 = 7$$

$\text{Blue Inverted Triangle}$ must be greater than

If the $\text{Blue Inverted Triangle} = 2$ then the Red Teardrop must =

$$+ + = 8$$

What do you know?

$$\triangle \triangle \triangle \triangle \triangle =$$

$$\triangle = \div$$

$$5 \text{ hearts must} = \triangle$$

$$\triangle \triangle \triangle =$$

$$\text{heart heart heart heart heart} =$$

$$\text{heart} = \div$$

$$\text{heart} =$$
