PART 1. Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 19 to 24. (1.2 points)

Our future house will be located on the ocean, where it will be surrounded by tall green trees and the blue sea. It will be a peaceful place far from the city noise. However, the ocean only has salt water, which cannot be used directly for daily needs. We need fresh water for drinking and for growing food on farms. Ocean water is too salty to drink or to use for watering plants. Therefore, we must have the technology to turn salty water into clean water. We will also use solar energy to power our home and devices. To protect the environment, we should be careful not to waste water and try to reuse or recycle whenever possible.

(NB) Question 19. People need fresh water for.....and growing in the future house.
