

Calculate the slope for lines with the following coordinates: (Test)

S = \_\_\_\_\_

1. (2, -6) (15, 17)	2. (10, 8) (11, 2)
3. (-4, 12) (11, -5)	4. (12, 10) (2, -10)
5. (-14, 5) (21, 14)	6. (9, 0) (21, -10)
7. (10, 5) (15, 20)	8. (11, -22) (24, -36)
9. (6, 12) (18, 21)	10. (-7, 14) (21, 26)
