1. Friends are an important part of our lives. It's sometimes difficult to make friends and it's not always easy to keep them. To have close friends, it's essential to be a good friend. The big question is what can you do to be a good friend and keep your friends?

2. Good friends usually share interests and like doing the same things. They have fun together but they help each other in difficult times, too. For example, when someone gets a bad mark in an exam, does not get on the football team or feels sad or alone, a good friend tries to understand the situation and offers help. Your friend is sad and you don't know what to do. Maybe you can call them, visit them or make them a card. When a friend is worried about an exam, you can help them study. If your friend doesn't get on the football team, you can practice together after school. Remember, a good friend listens carefully and gives advice when possible. So, listening to people and putting yourself in their shoes helps make, and keep, friends.
3. It's important to have friends to help you, but it's also necessary to know how to be alone and to be sure of yourself. Don't forget, the longest friendship in your life is with yourself!
