

Borobudur Temple

Borobudur Temple is one of the most beautiful tourist resorts in Indonesia. It is located in Central Java and is considered one of the seven wonders of the world that must be preserved. People from all over the world know that Borobudur is one of the greatest artworks ever made.

The temple was built by the Syailendra Dynasty in the eighth century using more than two million river stones. It is the largest Buddhist temple in the world.

After restoration, Borobudur has attracted more domestic and international tourists. Most of them admire the temple for its beauty, elegance, and the story told by the reliefs on its walls. Local tourists usually visit by bus or private car. Foreign tourists often join a travel bureau for convenience.

Borobudur Temple is a world-famous historical site that shows Indonesia's rich culture and history. Its beauty and stories attract many visitors, both local and international. It is important for everyone to help protect and preserve this great treasure.

Ijen Crater

Ijen Crater is a famous volcanic crater located in East Java, Indonesia. It is one of the most popular natural tourist attractions in the country.

Ijen Crater is well-known for its rare blue fire, which can only be seen at night. This blue fire comes from burning sulfur gas. Inside the crater, there is a large turquoise lake that looks very beautiful and unique.

The area around the crater is cool and fresh. Many sulfur miners work there every day, carrying heavy loads of yellow sulfur. Tourists often hike up the mountain and watch both the blue fire and the miners' activities.

Ijen Crater is not only beautiful, but it also shows the hard work and strength of local people. Tourists can enjoy its natural wonders and unique sights. It is a place worth visiting in East Java.
