

MULTIPLICATION DECIMALS BY 10, 100 AND 1000

Multiplying decimals by 10, 100, and 1000

$5.341 \times 10 = 53.41$

$5.341 \times 100 = 534.1$

$5.341 \times 1000 = 5341$

Complete the table

number	x 10	x 100	x 1000
7.012			
91.511			
319.54			
1.7			

Select the correct result

$5.25 \times 100 = \quad 525 \quad \quad 52.5 \quad \quad 52.50$

$1.4 \times 10 = \quad 1.40 \quad \quad 14 \quad \quad 140$

$31.29 \times 10 = \quad 3129 \quad \quad 312.9 \quad \quad 31290$

Complete the multiplication

$2.9 \times \underline{\quad} = 29$

$3.1 \times \underline{\quad} = 3100$

$5.11 \times \underline{\quad} = 5110$

$7.199 \times \underline{\quad} = 7199$

$13.43 \times \underline{\quad} = 134.3$

$1.918 \times \underline{\quad} = 1918$
