Activity 1: Name the animals correctly.

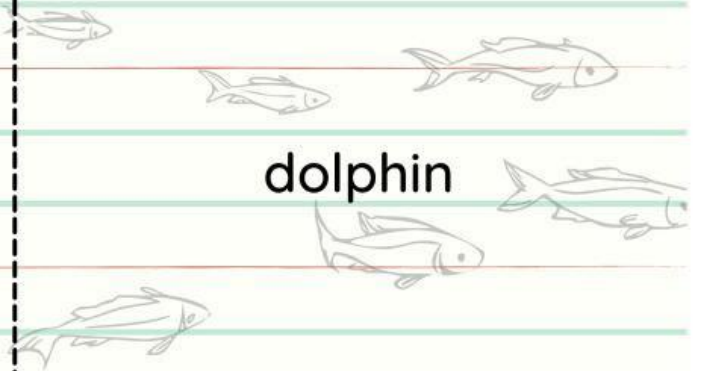

WILD LIFE

year 5

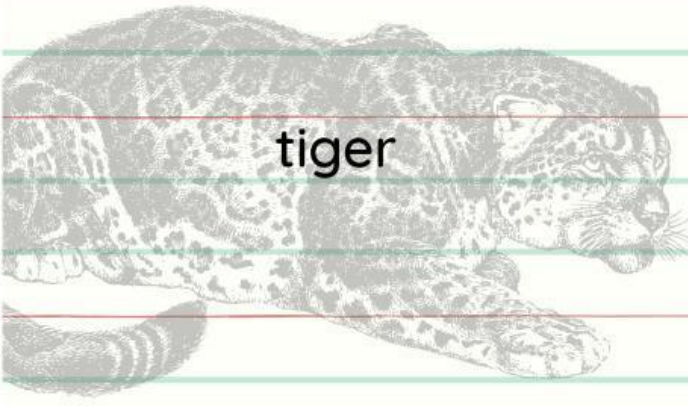

Activity 2: Write the animals in correct groups.

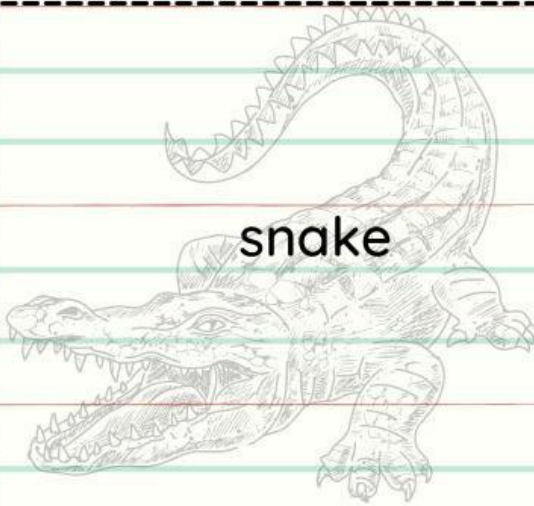

eagle

dolphin

tiger

snake

starfish

shark

lion

panda

jellyfish

parrot

octopus

owl

iguana

seahorse

woodpecker

lizard

zebra

alligator

giraffe

WILD LIFE

year 5

Activity 3: Read the passage and answer the questions.

The Malayan tiger is from *Panthera tigris tigris* subspecies. It is one of the smallest tiger species found throughout the southern and central parts of the Peninsular Malaysia. This tiger enjoys swimming and playing in shallow rivers and lakes, and it can cross shallow streams by swimming while keeping its head above water. Do you know it has a nickname? One of the nicknames of this tiger is Pak Belang, which literally means "Uncle Stripes". Our "Uncle Stripes" will gladly enjoy a carnivorous feast of sambar deer, wild boars, bearded pigs, tapirs, goats, monkeys, rhino calves, and also the big elephants! Sadly, World Wildlife Fund (WWF) stated that there are only 250-340 Malayan tigers left in the world. The tiger has been recognized as an "endangered species" by the International Union for Conservation of Nature (IUCN).

1. Where the Malayan tigers are found?

2. Complete the sentence.

Malayan tiger is from _____ subspecies.

3. Malayan tiger can swim. (True/False)

4. Can you write **comparative adjectives** of the words below?

shallow → _____

small → _____

big → _____

wild → _____

5. How can we save endangered species like Malayan tiger?

WILD LIFE

year 5

Activity 4: Complete the sentence with comparative and superlative adjectives.

ELEPHANT

Lifespan: 60-70 years

Age: 40 years old

Weight: 7000 kg

Length: 7.5 metres

Population: 1.3 million

Characteristics:

intelligent, sensitive, wild,
friendly, good memory

SNAKE

Lifespan: 20-30 years

Age: 25 years old

Weight: 200 kg

Length: 6 metres

Population: 1.4 million

Characteristics:

aggressive, fast, wild,
good swimmer

BEE

Lifespan: 6 weeks-5 years

Age: 2 years old

Weight: 3 g

Length: 1.2 cm

Population: 3 million

Characteristics:

hardworking, adaptive,
defensive, organised

1. The elephant is the _____ of three. (big)
