

WHEN DO YOU FEEL...?

I feel **happy** when I
swim
in the ocean.

I feel **angry** when my
mother
doesn't pay attention
to me.

I feel **bored** when my
friends
don't play with me.

I feel **calm** when
I smell a flower.

I feel **anxious** when
I have
a lot of homework.

I feel **disgusted**
when
I see a cockroach.
