<i>Tommy</i> I live in a small town which hasn't got a shopping centre. There are small shops in the high street, like a baker's or a butcher's. There's also a small supermarket near my home. But, when we need to do a 'big shop', me and my parents usually go to the city about 20 km away.	
<i>Andrea</i> I love shopping for clothes and shoes. Unfortunately, I only have the time to go shopping at weekends, when the shops are very busy. I usually go with my mum and my sister, and we spend a lot of time in the shops.	
<i>Eric</i> There's a new shopping centre in my town. The opening day was last Friday, and I was there with my family. There were a lot of attractions and special offers in the shops. So, now I've got a new laptop. Nice, isn't it?	
<i>Alicia</i> My parents often work late, so I usually need to do some shopping during the week. I buy some food like bread, meat or pasta. Most of the shops are near my home, so I don't spend a lot of time shopping.	
<i>Chrissy</i> I often go to the shopping centre with my friends at weekends. We try on clothes, or we sit and talk in the cafeteria. Sometimes, we go to the cinema there. I think it's a nice place to hang out with friends.
