#### IV. Reading Comprehension (4 points)

Read the passage and answer the questions.

**Title: The Science Club's Big Experiment**

Last Friday, the science club prepared a big experiment. The students mixed different liquids to see how they reacted. Some liquids changed color, and others made bubbles. After the experiment, they cleaned the lab and talked about the results. It was a fun experience!

**Questions:**

1. When did the science club prepare the experiment?
  2. What did the students mix?
  3. What happened to some liquids?
  4. What did they do after the experiment?
- 

#### V. Matching (4 points)

Match the club with the correct activity.

- |                         |                           |
