**Walking my way to love** by Dylan Jones

Three years ago, I came to work for this company. I didn't know anyone in the area so I decided to do some exercise to meet new people. However, I felt really unfit. I tried doing different kinds of sports, but I did them all badly. I found an answer to all my problems by going for a walk.

A colleague of mine invited me to go on a walk in the mountains. I didn't say yes immediately because it didn't sound very interesting. However, I decided it could be good exercise for me so I went along. This was the beginning of my love of hiking.

At first, I had to walk slowly because I wasn't very fit. However, I improved quickly and now I can walk quite fast for hours. I began to feel so much better. While I was on a hike with a group of people one weekend, I met Marina. She's now my wife. We go hiking once or twice a month and we love it.

You don't have to do anything special to start hiking. You only have to know how to walk and most people can do that. However, you have to buy special boots so you don't hurt your feet. Hiking is a great way to enjoy our beautiful country. And you never know – perhaps you can find true love too!
