You lead my heart so well
You know what I need more than anyone else
Oh Lord
Teach me to trust Your ways 'cause
You are my ever present help

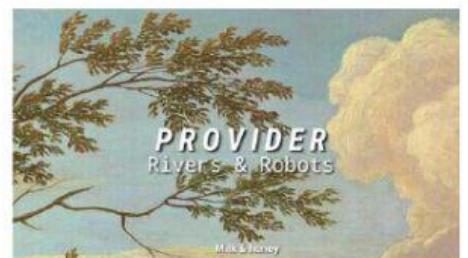

You remind me that You have a plan for my life
Over and over again
Your faithfulness never ends
You've shown that
Over and over again

Through every season of life
Father, You lead me so perfectly
Your mighty hand still reaches out for me
You're always beside me
Through every season of life
I trust You
You're my provider
I know that
Even when I'm feeling lost at sea
You never leave
You're my provider
You're my provider

Lord I will praise You as long as I live
Teach me to trust Your ways 'cause
I'm thankful for the strength You give
You don't forget Your promises

You've shown that
You remind me that You have a plan for my life
Your faithfulness never ends
Over and over again
Over and over again

I trust You
Father, You lead me so perfectly
You're always beside me
You never leave
Through every season of life
You're my provider
I know that
Even when I'm feeling lost at sea
Your mighty hand still reaches out for me
Through every season of life
You're my provider
You're my provider
You're my provider

Oh Lord

You lead my heart so well

You are my ever present help

You know what I need more than anyone else

Teach me to trust Your ways 'cause

Over and over again

You've shown that

Your faithfulness never ends

Over and over again

You remind me that You have a plan for my life

I trust You

Father, You lead me so perfectly

You're always beside me

You never leave

Through every season of life

You're my provider

I know that

Even when I'm feeling lost at sea

Your mighty hand still reaches out for me

Through every season of life

You're my provider

Oh Senhor

Tu guias meu coração tão bem

Tu és minha ajuda sempre presente

Tu sabes do que eu preciso mais que qualquer um

Ensina-me a confiar em teus caminhos pois

De novo e de novo

Tu tens mostrado que

Tua fidelidade nunca acaba

De novo e de novo

Tu me lembras que Tens um plano para a minha vida

Eu confio em Você

Paí, Tu me guias tão perfeitamente

Tu estás sempre ao meu lado

Tu nunca me deixas

Através de todas as estações da vida

És meu provedor

Eu sei que

Até quando me sinto perdido em alto-mar

A Sua mão poderosa ainda me alcança

Através de todas as estações da vida

És meu provedor

You're my provider

You don't forget Your promises

I'm thankful for the strength You give

Lord I will praise You as long as I live

Teach me to trust Your ways 'cause

Over and over again

Your faithfulness never ends

Over and over again
