Introducing top FinTech companies including Robinhood, Stripe, Revolut, and Coinbase

What is FinTech?

FinTech, short for **Financial Technology**, refers to the **use of technology to create and deliver innovative financial services**.

FinTech companies utilize modern technologies like **Artificial Intelligence, Blockchain, Machine Learning, Big Data**, and the **Internet of Things** to simplify and optimize traditional financial processes.

Common FinTech Applications:

- ⚡ Digital payments
- ⚡ Online lending
- ⚡ Investment management
- ⚡ Digital insurance (InsurTech)
- ⚡ Open banking
- ⚡ Cryptocurrencies and blockchain
