

Area

Finding area by counting squares

 = 1 square unit

1)

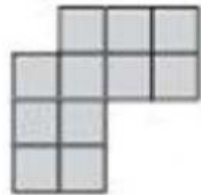

Area= square units

2)

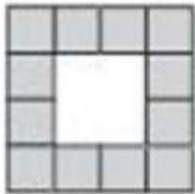

Area= square units

3)

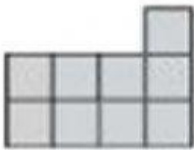

Area= square units

4)

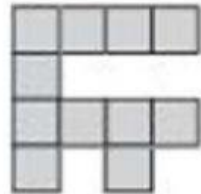

Area= square units

5)

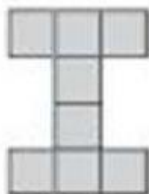

Area= square units

6)

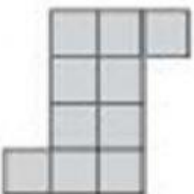

Area= square units

7)

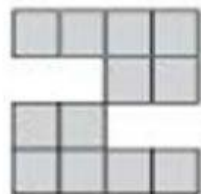

Area= square units

8)

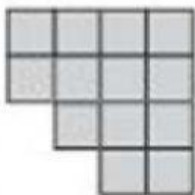

Area= square units

9)

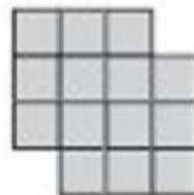

Area= square units

10)

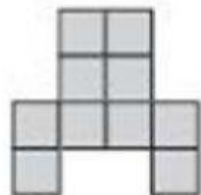

Area= square units

11)

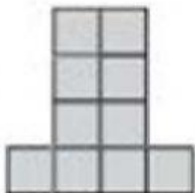

Area= square units

12)

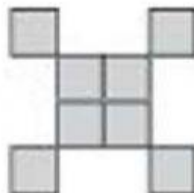

Area= square units

13)

Area= square units

14)

Area= square units

15)

Area= square units
