

NATIONAL SCIENCE AND TECHNOLOGY WEEK

My Mom Works with Technology

My mom uses a **phone** to call people.

My mom uses a **camera** to take photos.

She turns on her **computer** and checks her e-mail.

Think about your house and your school. Draw 4 kinds of technology and write their names.

Technology is cool!

LET'S INVENT SOMETHING!

Robots help us!

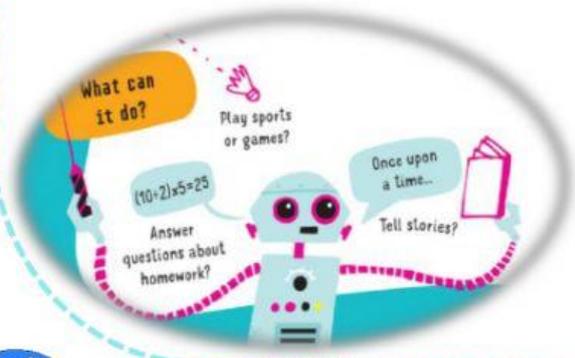

Design a new robot.
What can it do for you?

It can _____

It can _____

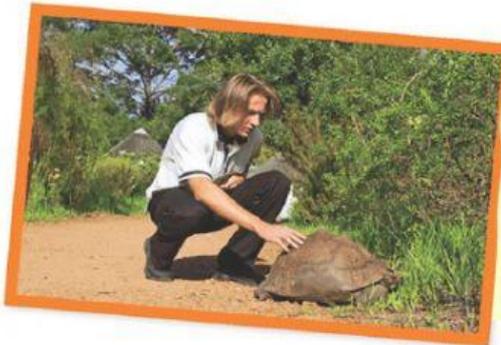

It can _____

SCIENCE IS FUN!

Scientists study many different things and work in many different places.

A **botanist** studies plants like trees and flowers.

A **zoologist** studies different animals.

Go outside and find a flower or a little animal.
Look at it closely. Then, write and draw about it!

What is it?

Where do you see it?

What color is it?

What does it look like?
