Decimals

Q.1 The following table shows the cost of the cloth for different lengths.

Length	Cost
10-50m	$7.08
50-100m	$1.09
100-200m	$2.45

If you buy 2 pieces of cloth of 45m and one piece of cloth of 150m.
How much do you pay altogether?
Move the cards to show how you work it out and then type the final answer.
