

## DESARROLLO DE SOFTWARE – INGLÉS TÉCNICO II 2025

### EXAMEN PARCIAL I – PROF. ALEJANDRA GIMENEZ

Student: \_\_\_\_\_

Total: 50 points

#### A. Multiple Choice (16 points – 2 pts each)

Choose the best option (A, B, C or D).

- Which sentence uses impersonal language correctly?**
  - We recommend updating the software monthly.
  - It is recommended that users update the software monthly.
  - You should update your software monthly.
  - I always update my software monthly.
- Choose the defining relative clause:**
  - My laptop, which I bought last year, is already outdated.
  - The developer who created this app works remotely.
  - The software, which crashed last night, was updated this morning.
  - The test failed, which surprised the team.
- Which sentence is a zero conditional?**
  - If I were a developer, I would work from home.
  - If the server goes down, we lose access.
  - If I had saved the file, it wouldn't have been lost.
  - If you click "Install", it will start downloading.
- Identify the non-defining clause:**
  - The engineer who fixed the bug was promoted.
  - The new software, which was released last week, has a major flaw.
  - Users who don't register can't access the dashboard.
  - The students who submitted the form received a confirmation email.
- Select the correct second conditional sentence:**
  - If the server had failed, we would have lost everything.
  - If the server fails, we lose everything.
  - If the server failed, we would lose everything.
  - If the server fails, we would lose everything.
- Which sentence is NOT impersonal?**
  - It is believed that the code contains a vulnerability.
  - The software is said to be open-source.

- C. Developers believe the code is vulnerable.
- D. It is considered important to patch the system.

### B. Rewrite or complete the sentence (18 points – 3 pts each)

Complete or rewrite the following using the correct structure.

7. (Impersonal Language)

Rewrite: They think the algorithm is not efficient.

→ \_\_\_\_\_

→ Type: \_\_\_\_\_ / Correction: \_\_\_\_\_

14. If users don't agree to the terms, the installation fails.

→ Type: \_\_\_\_\_ / Correction: \_\_\_\_\_

15. If I knew how to code, I will create a mobile app.

→ Type: \_\_\_\_\_ / Correction: \_\_\_\_\_

16. If the system is updated, the performance will improve.

→ Type: \_\_\_\_\_ / Correction: \_\_\_\_\_

### D. Reading, Translation and Grammar Analysis (14 points total)

Instructions:

Read the following paragraph. Then:

1) Translate it into Spanish. (6 pts)

2) Identify and transcribe:

- 1 impersonal sentence (2 pts)
- 1 conditional sentence (2 pts)
- 1 defining relative clause (2 pts)
- 1 non-defining relative clause (2 pts)

TEXT:

**It is believed that Artificial Intelligence will transform the software industry. Developers who work with machine learning must constantly update their knowledge. If a model is trained with poor data, it will likely produce biased results. ChatGPT, which is powered by a large language model, is a widely used tool in software development.**

Translation (Write below):

**Grammar Identification:**

- Impersonal sentence: \_\_\_\_\_
- Conditional sentence: \_\_\_\_\_
- Defining relative clause: \_\_\_\_\_
- Non-defining relative clause: \_\_\_\_\_
