1. Read and number according to the following viewpoint angles:

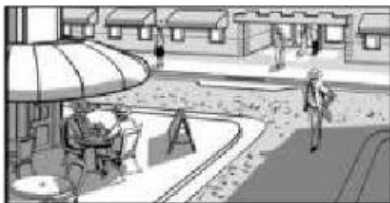

1. **High angle:** It shows the subject from above. This make the subject appear less powerful.
2. **Low angle**: It shows the subject from below, giving him/ her the impression of being more powerful or dominant.
3. **Eye-level:** This is the most common view, being the real-world angle that we are all used to. It shows subjects as we would expect to see them in real life.
