My Family

My name is Daniel, and I come from a big family. I have three sisters and one brother. We all live in a large house in the countryside. My parents are teachers, and they work at a school near our home. During the week, we are all very busy. I go to school, and my brother works in a small café in town. My three sisters study at university.

On weekends, we like to spend time together. Sometimes, we visit our grandparents, who live about an hour away. Last Saturday, we had lunch at their house. My grandmother made a delicious Spanish meal, and my grandfather told us funny stories.

In the evenings, we usually watch movies or play board games. My dad likes to read books, and my mom enjoys gardening. There is a big garden behind our house with lots of flowers and vegetables. My mom spends a lot of time there, especially in the summer.

Next month, we are planning a trip to the mountains. We go there every year in August. I love hiking and taking photos of the beautiful scenery. I think having a big family is great because there is always someone to talk to or do things with.

I have a café in London which I opened two years ago. I travel to work by train. It takes one hour, but I spend the time reading. And I love reading!

Josh

My parents are both from villages, but I was born in London and I've never left. I love being around lots of noise and people. I work for a very successful business in the centre of London. I have a nice apartment – I can see London Bridge from my bedroom window. I'm lucky because I live close to work and it's a pleasant walk from my apartment. I know lots of people hate their journey to work.

All my family live in London. I went to university in France, but then I came back. London can be very busy and noisy, but I don't mind that. I like big cities. Last spring I went to Tokyo.
