

# Place Value

Write the following numbers in expanded notation and write the number in words.

| Number  | Ten thousands | Thousands | Hundreds | Tens | Ones |
|---|---------------|-----------|----------|------|------|
| 10, 873   |               |           |          |      |      |
|  |               |           |          |      |      |
| 67, 793   |               |           |          |      |      |
|  |               |           |          |      |      |
| 15,738  |               |           |          |      |      |
|  |               |           |          |      |      |
| 12,390  |               |           |          |      |      |
|  |               |           |          |      |      |
