

A. Compare the number of objects in ten frames and write the correct sign  $<$  or  $>$  in the middle :

|                                                                                    |                                                                                   |                                                                                     |
|------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|   |  |   |
|   |  |   |
|   |  |   |
|  |  |  |

B. Tick (✓) the one which has less objects :

|                                                                                     |                                                                                     |                                                                                      |                                                                                       |
|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
