

READING

Hi! I'm Sid. I love going to the cinema with my friends at the weekend. I'm interested in fantasy and animated movies. Harry Potter is my favourite fantasy movie. It's very exciting. Sirius Black is my favourite character in this movie. He is brave and funny. I also enjoy science fiction movies because I find movies about space, aliens, and robots extremely interesting. There is a science fiction movie at 13:45 tomorrow. It's my plan to see the movie with Kate and David. They are my close friends. We want to buy some popcorn during the movie as well. I enjoy watching cartoons and action movies on television at home. My sister, Lora, hates them. She enjoys horror and western movies, but such movies are not suitable for her. She is only fourteen years old. We both like comedy movies, so I'm happy to have something common with her. We love Jim Carrey because he is funny in his movies.
