Name:

Participated in the Cracker-Eating Contest

Last month my village celebrated the independent day by holding some fun competitions for kids and teenagers. There were many people who came to see the competition.

I joined one of those competitions, which was a cracker-eating competition. There were 10 people who joined it. When it started, all of us tried to eat the hanging cracker as quickly as we could. I tried my best and never expected to be a winner. At the end of the competition, I finally managed to eat up my cracker and became the second winner. The prize was three notebooks and a pencil.

That was so fun and I used those books for taking notes at school.
