Last night, at about three o'clock in the morning, I heard a strange noise downstairs. I got out of bed, and put on my dressing gown. With my heart beating fast, I slowly went to the top of the stairs. It sounded like there were people talking in the kitchen. I didn't know what to do. Finally, I decided to go downstairs. I made my way quietly down the stairs, and listened at the kitchen door. A man asked: "Did you kill him?" and a woman replied: 'Yes, I shot him: Then the man asked: 'Why did you do that?' Suddenly, I realized that there weren't really any people in the kitchen. It was just the TV. But why did it turn itself on in the middle of the night?

While I was standing in the kitchen wondering about the TV, I looked out of the window. It was dark, but I could see a figure outside. Someone was walking slowly across the garden! He whispered something. He was talking to another person! What were they doing in my garden? I was wondering what to do when they started walking towards the kitchen window. They were coming towards me! I didn't know what to do so I grabbed a knife and waited. They were getting closer and closer. I was so frightened. They came right up to the window, and I saw their faces. They were my neighbours, Alan and Liz! They obviously weren't trying to break into my house, so why were they talking in my garden in the middle of the night?

I opened the kitchen door and Alan and Liz came in. They sat down, and I made them both a cup of coffee. This is what Liz told me: 'We were sleeping in our bedroom when we heard a loud noise coming from your kitchen. So Alan and I decided to investigate. We came down to your garden, but couldn't see any lights on. People were talking in the kitchen, though! So, we thought that we should call the police. Just then, you turned the light on in the kitchen, and we saw that everything was all right. So, we were standing in the garden wondering whether to say hello to you or not, when you opened the kitchen window and said hello to us!' That explained almost everything. But I never found out why the TV came on in the middle of the night.
