One weekend, Minh wanted to cook something special for dinner. He had watched a cooking video about steak and decided to try it himself.

First, he took a thick slice of beef and sprinkled salt and pepper on both sides. Then, he let the meat rest at room temperature for 20 minutes.

Next, Minh heated a pan with oil and butter. When the pan was hot, he carefully placed the steak in. He cooked one side for about 3 minutes. Then he flipped the steak and added crushed garlic and a sprig of rosemary to the pan.

As the second side was cooking, Minh added some cherry tomatoes to cook together. When the steak was ready, he took it out of the pan and let it rest for a few minutes.

Finally, Minh served the steak with the warm tomatoes on the side. It smelled delicious, and he was proud of himself for cooking such a tasty meal.
