My Best Friend

My best friend is Natasha. She is twenty-three years old and her birthday is on the twenty-fifth of June. She has a big family – she's the second of five children.

She lives in a flat in the city centre. She doesn't work in an office. She is a digital designer and works in her flat. She can draw well and she really likes her job. She starts work at half past seven in the morning and finishes at four in the afternoon. She is good with customers because she can remember people's names!

Natasha can also do lots of other things. She can run and swim, but she can't play the piano or drive. We usually meet on Thursday evenings and have dinner in a restaurant. On Sundays we go to the beach. In the summer we can swim in the sea, but in the winter it's cold so we walk on the beach. She always gets us coffees from the beach café!

I really like Natasha. She listens to my problems and always helps other people. She's a great friend.
