Mr Cooper

Good morning! This is day 1 of the #culturechallenge. Please post a photo of yourself doing a cultural activity and say something about it in the comments. This is me performing on stage in last year's school play. I love acting, but I don't do it very often. I'd like to do it more.

LIVEWORKSHEETS

1 ***Kiara***
I like photography, but I don't think I'm very good at it. I usually go out every day and take photos of things in my local area. Do you like this one?

2 ***Graeme***
I like creating new music. I play the keyboard and guitar and I often make new songs on my computer. I sometimes share my music online with other people, and they say nice things about it.

3 ***Marina***
I really like writing short stories. I never write poems because I think they're boring. But I love writing short stories and I usually share them with my friends. Sometimes they don't like them, but they usually love them and ask me to write more. Would you like to read one?

4 ***Marco***
I like making short films with my friend Dan. We make little models and take lots of photos of them in different positions. Then we put them together to make a film. Dan usually creates the story and I make the models, but sometimes he helps me make them.
