| SUBJECT : Ancient Inventions from India                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <p>Hi Ryan,</p> <p>I think we should pick India for our history assignment. Apparently, plastic surgery was already being</p> <p>(37) _____ out as early as near 2000 BC. And I never knew that the</p> <p>(38) _____ wheel was invented by them. In addition, they had</p> <p>(39) _____ toilets even way back then. The sewage system was</p> <p>(40) _____ even! Amazing! Shall we just concentrate on this country? Let me know what you think.</p> <p>Nik</p> |
