

Student A: Hey, have you ever seen a bird of paradise?

Student B: You mean *cendrawasih* from Papua? I've only seen it in pictures and videos. It's so beautiful!

Student A: Yes, it has really colorful feathers. Some people even call it the “bird of paradise” because it looks so magical.

Student B: That's true. Did you know it is also a protected animal in Indonesia?

Student A: Yes, because people used to hunt them for their feathers. Now the government protects them so they won't become extinct.

Student B: That's good.

## Record:

Student A: Hey, have you ever seen a bird of paradise?

Student B: You mean *cendrawasih* from Papua? I've only seen it in pictures and videos. It's so beautiful!

Student A: Yes, it has really colorful feathers. Some people even call it the “bird of paradise” because it looks so magical.

Student B: That's true. Did you know it is also a protected animal in Indonesia?

Student A: Yes, because people used to hunt them for their feathers. Now the government protects them so they won't become extinct.

Student B: That's good.

3. Answer the questions based on the conversation.

1) What are they talking about?

(Record your answer).....

2) Why do people call it the bird of paradise?

(Record your answer).....

3) Why is it protected?

(Record your answer).....
