

READING COMPREHENSION

1. Read the article about wildlife rescue centre in Ucayali.

Ucayali Wildlife Rescue Centre

Ricardo is a veterinarian here at the Ucayali Wildlife Rescue Centre. We asked Ricardo about some of the rescued animals.

What animals live here?
Spider monkeys, *Taricaya* turtles and macaws live here at the rescue centre.

These are spider monkeys or *maquisapas*. They live in the jungle. They are black. They have long arms and long legs. They have a big tail.

This is a *Taricaya* turtle. His name is Carlos. He lives in the river. He is green. He has a hard shell and he has small legs. He swims very well.

This is a macaw. Her name is Luisa. She lives in the rainforest. She is blue and yellow. She has strong wings and she has colourful feathers. She flies very fast.

What message do you have for teenagers?
Let's protect these animals because they are endangered.
