A. GRAMMAR

I. Choose the correct answer.

B. READING**II. Read the text and write T (true) or F (false). (3 points)****The Great Wall of China**

The Great Wall of China is one of the most famous wonders in the world. It is more than 21,000 kilometers long and was built hundreds of years ago to protect China from enemies. People often think it is just one long wall, but it is made of many different parts built at different times. Some parts are made of stone, while others are made of wood or earth.

Today, millions of people visit the Great Wall every year. The most popular time to visit is in spring and autumn, when the weather is cool and pleasant. From the top of the wall, visitors can see mountains, rivers, and villages far away. It is a great place to take photos and learn about history.
