

Name:

Class:

Measuring bone lengths

Record the measurements in a table.

BONE	LENGTH IN CENTIMETER	
	ME	PARTNER
UPPER ARM BONE		
LOWER ARM BONE		
LOWER LEG BONE		

1. Whose bones are longer? _____
2. Predict what you think the length of a teenager's bones would be. Say why?

3. Marcus and Arun did not have a measuring tape to do their investigation. They counted how many hands length their bones were. Is this a good method to measure the bone length? Say why or why not?
