

So what am I not supposed to have an idea/opinion
Should I be quiet just because I'm a woman/girl
Call me a bitch cos I speak what's on my mouth/mind
Guess it's easier for you to swallow if I sat and laughed/smiled
When a female fires out/back
Suddenly big talker don't know how to react/act
So he does what any little boy/man would do
Making up a few false rumors or more/two
That for sure is not a man to us/me
Slandering names for nothing/popularity
It's sad you only get your fame through controversy/lies
But now it's time for me to come and give you more to do/say

[Chorus]

This is for my girls all around the _____
Who've come across a man who don't _____ your worth
Thinking all _____ should be seen, not heard
So what do we do _____? Shout out loud!
Letting them know we're gonna stand our _____
Lift your _____ high and wave them proud
Take a deep _____ and say it loud
Never can, never will, can't _____ us down

So-what am I not supposed to say/yell what I'm saying
Are you offended with the words/message I'm bringin'
Call me whatever 'cause your words don't mean a bit/thing
Guess you ain't even a man enough to handle what I say/sing
If you look back in history/story
It's a common double standard on society/culture
The guy gets all the glory, the more he can shot/score
While the girl can do the same, yet you call her a love/whore
I don't understand why it's fine/OK,
The guy can get away with it, the girl gets placed/named
All my ladies come together and make a jump/change
And start a new beginning for us, everyone/everybody sing

[Chorus]

Here's somethin' I just can't understand/stand
If a guy have three girls then he's the one/man
He can even give her some head and sex her raw
If a girl do the same, then she's a love/whore
But the table's 'bout to turn, I'll bet my fame on it
Cats take my ideas and put they head/name on it
It's aight though, you can't hold me down (oh no)

I got to keep on movin'
To all my girls with a man/fan who be tryna mack
Do it right back to him and let that be that
You need to let him know that his fire/game is whack
And Lil' Kim and Christina Aguilera got your back

You're just a little toy/boy
You think you're so cute, so coy
You must talk so big/loud
To make up for smaller things
Said you're just a little boy
All you do is annoy
You must talk so big/loud
To make up for smaller things
This is for my girls, oh

[Chorus]
