

SOULED OUT ON YOU

on you

Sad but it's true

After all we've been

I'm souled out on you

You put me through

Got me under your

No matter how hard I try to it

The whole can tell

It just ain't no

No matter how I pray

There ain't nothing I can say

That's gonna us the day

I'm souled out on you

It's sad but it's true

After all we've been through

I'm souled out on you

I don't

You got my in your hand

I'm doing the that I can

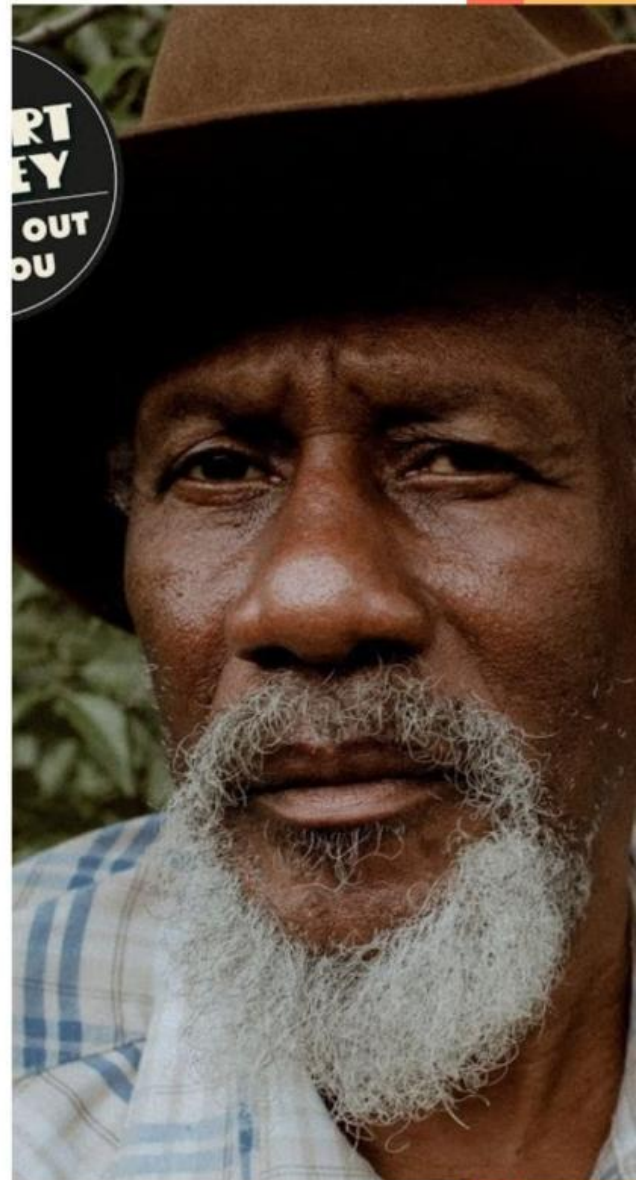

But I'm only a

Ain't it a ?

Ain't it a crying ?

I'm in the of the city

And I feel the pain

SOULED OUT ON YOU

Souled out on you
It's sad but it's true
After all we've been through
I'm souled out on you

Ain't it a pity?
Is a crying shame?
I'm in the heart of the city
And I still feel the same

Souled out on you
It's sad but it's true
After all we've through
I'm just souled out on you

Souled out on you
It's sad but it's

After all we have been through
I'm souled out on you
Souled out
Souled out
Souled out you
