Our Science Day

Last Saturday, our school had a Science Day. In the morning, the teacher talked about the planets. We learned that Jupiter is the biggest, Mercury is closest to the Sun, Venus is very hot, and Saturn has rings.

Then we watched a film. It showed how the Earth orbits the Sun and how people discover new stars. We also saw the Northern lights and a bright constellation in the sky.

In the afternoon, students made water turn icy and studied humid air. The weather outside was freezing. The teacher said some plants can support life, but some mushrooms are poisonous.
