ASKING AND GIVING INFORMATION ABOUT FAVORITE FOOD

What does the rice-rice chicken mixed with rice taste like?

The rice is plain.

But when it's mixed with the rice-rice chicken, it's spicy and savory.

How about the fruit salad?

It's sour from the fruits and it's sweet and spicy from the sauce. It's so good.

Now, let's try the pudding. What do you think of it?

Hmm... it's soft and sweet.

I'm full now, Mom. I'll finish my lunch with this orange juice.

Yummy! It's sweet.

Thank you for today's special lunch, Dad.
