

Transport through time

Drag the icons of transport into the correct box to show the representation of transport through time

A timeline with five empty boxes for transport icons, and a row of five transport icons below.

The timeline consists of a horizontal bar with five circular markers. Below each marker is a square box. The boxes are empty, with blue borders for the first four and a black border for the last one.

The icons are in boxes below the timeline:

- 1. A wooden cart with a brown canopy.
- 2. A black and white bicycle.
- 3. A steam train engine.
- 4. A yellow camel and a brown horse.
- 5. A red car.
