The Change of the Earth

Summer is a wonderful time to spend at West Beach. It is a beach with light- colored, soft sand. The coastline goes on for a long way and many people enjoy walking along it. Children like to play in the surf and walk along the rocks. This is a beach for people of all ages.

11. Topic: \_\_\_\_\_

Nothing is as useful as a flashlight on a dark night. Few inventions are as helpful to a child who is afraid of the dark. In fact, the modern flashlight brings light to many dark situations. Finding something in the back of a closet is easy with a flashlight in hand. A camper also needs one after the light of the campfire has faded.

12. Topic: \_\_\_\_\_

Teenagers who love to dance spend hours there. People in their twenties and thirties, who enjoy the music and who like to dance, find discos the place to be. Everyone likes the disco's up atmosphere. Lively discos attract many people.

13. Topic: \_\_\_\_\_

The earth is always changing. One way it changes is by erosion. Some is caused by the weather. For example, the wind causes erosion. In a desert, the wind blows the sand around. Rain also causes erosion. It washes away earth and even changes the shape of some rocks. Another kind of erosion is caused by rivers. When a river goes through a mountain, it cuts into the mountain. After a long time, the mountain is lower and the land is flatter."

14. Topic: \_\_\_\_\_

Intelligent reading is a very important medium by which a person may educate himself and be well informed. Students, professional people, laborers, and people in all walks of life find intelligent reading to be a great asset. Intelligent reading is a way of getting an education.

**Part: 3 (Items 16-17)**

**Directions:** Read the passages given and choose the best answer for each item.

A computer can make hundreds of calculations in three or four minutes but men can't. It can compose music, draw pictures, play chess, write poetry and sometimes find the right boys for the right girls. The police use them to get the information (data) about crimes and traffic. But computers cannot function alone.

A computer must have three people: the programmer, the operator and the technician. First, the programmer prepares the program, then, the operator presses the right buttons, and finally the technician services the computer and repairs it when it breaks down.

16. What is the main idea of the passage?

- a. Computers need three people to operate it.
- b. Computers can do calculations very quickly.
- c. A computer can do almost anything, but it cannot do anything without man.
- d. The police use computers when they want to know about crimes and traffic.

17. Which is the title for this passage?

- a. Who can use computer?
- b. What can computer do?
- c. What can't computer do?

Norway is a beautiful country in northern Europe. Mountains cover percent of the country, but the most famous feature of the landscape is the fiord. Hundreds of these narrow bays indent the coast of Norway, making it resemble the teeth or a comb. Many fiords are so deep that ocean streamers can travel far in land on them. Waterfalls and beauty to sheer rock walls of some Norwegian fiords.
